PROFESSIONAL SUMMARY

Full Stack Developer with hands-on experience in MERN stack development, REST API development, database management, and responsive web applications. Completed backend and full-stack internships with practical experience in Node.js, Express.js, React.js, MongoDB, and MySQL. Additional experience in WordPress development and Figma-based UI/UX design.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, Tailwind CSS

Backend: Node.js, Express.js, REST APIs, JWT Authentication & Authorization

Database: MongoDB, MySQL

Tools: Git, GitHub, Postman, VS Code

Other: WordPress, Figma, UI/UX Design

INTERNSHIP EXPERIENCE

Backend Developer Intern — CODEXIN | Aug 2025 – Sep 2025

- Developed RESTful APIs using Node.js and Express.js.
- Worked with MongoDB and MySQL for database operations.
- Implemented authentication and authorization.
- Collaborated with frontend developers for API integration.
- Improved backend performance and API functionality.

Full Stack Developer Intern | Jan 2026 – Mar 2026

- Developed full-stack web applications using the MERN stack.
- Built CRUD functionality and integrated REST APIs.
- Created responsive interfaces using React.js and Tailwind CSS.
- Worked on real-world application architecture and frontend-backend integration.
- Improved application performance and user experience.

PROJECTS

Real-Time Trading Chart

- Built a TradingView-style cryptocurrency chart using React.js and Lightweight Charts.
- Integrated real-time market data using WebSocket/API and multiple timeframes.
- Implemented technical indicators including EMA, RSI, MACD, and Bollinger Bands.

Smart Healthcare System

- Developed a full-stack healthcare application with role-based authentication and authorization.
- Built REST APIs for users, doctors, appointments, and healthcare data.
- Developed a responsive React.js interface with frontend-backend integration.

Job Portal — Full Stack Web Application

- Developed a MERN-based job portal for job seekers and recruiters.
- Implemented authentication, role-based access, job posting, search/filtering, and application management.
- Built REST APIs for users, jobs, applications, profiles, and recruiter workflows.

EDUCATION

Bachelor of Computer Applications (BCA) — Maharishi Arvind University | Final Year
